29 January 2009 Dear Alumni, Happy Foundation Day to the College of Dentistry! We are once again reminiscing our past with our Alma Mater and with old friends who have gotten older and wiser. We do hope that you do not ever forget and keep the College close to your hearts. Come back and visit anytime. We will always be around to update you on the latest happenings and how we can all help in our own little ways. Good luck on your endeavors. Dr. Elz
